

What we've done before...

Viva Energy

The refinery's 2018 end of year 'Winter Wonderland' ball saw 11 Viva staff members learn a unique winter themed routine which wowed and surprised their colleagues. The night was opened by a special themed performance from our skilled dancers.

Igby Productions

Since 2016, we've choreographed debutante balls for Igby's themed events ranging from Great Gatsby to Enchanted Forest. With 15 hours of training per Deb we have developed excellent crowd management (and specifically, teen management!!) skills. The deb's are always a success and the music and dance routines are always a talking point.

TeBu Team Building

TeBu engaged Ballroom Baby to teach 2 hour dance classes to Europcar staff for the team building day in Torquay. The day culminated in groups of staff competing to see who had picked up the steps the best at a glamorous ball. The ball also featured a sizzling latin dance performance by our dancers.

We can design a program to suit your organisation's needs!
